STORMY SESSION IN STATE LEGISLATURE.

Frankfort, Ky., February 24.—By vote of 46 to 40 a motion of Representative W. T. Laffey of Logan county, to call from the orders of the day the Greene anti-screen bill and place it upon its passage immediately was defeated today.

The motion was opposed by Representative Greene, who said several Covington and Newport ministers wished to reach Frankfort before action was taken on the measure, they desiring to make a plea in favor of his bill.

The House finally adjourned at 2 o'clock to make its promised visit to Lexington.

Representative Murphey of Covington, precipitated a small "brain storm" on the part of Frank C. Greene of Carrollton, this morning when he moved that the bill of R. R. Treadway of McCracken county, requiring corporations to pay employees semi-monthly, be called from its place in the orders of the day and placed upon its passage.

He then launched a tirade, asserting that the impression had been industriously spread that the dyes had been blocking legislation.

He denied that, citing the motion of Mr. Murphey with a view to showing that the "shoe was on the other foot." He declared his anti-screen bill was of more importance, perhaps, than the semi-monthly pay bill, but he was willing to let his measure come up in its regular order. He was irrevocably opposed to dragging a lot of other measures out ahead of his, however, he said.

Two reports, one signed by the six Democratic members of the House Impeachment Committee, and the other by the lone Republican who held a place on it, were submitted to the House today, the majority report recommending the impeachment of Judge J. E. Williams, Republican, of McCracken county, and the minority recommending dismissal of the charges against him.

On motion of Representative W. C. G. Hobbs of Lexington, action on the report of the Impeachment Committee was made a special order of business for tomorrow at 11 o'clock.

Then the consideration of the Wright-Duffy workmen's compensation bill was resumed the Senate, by a vote of 17 to 10, adopted an amendment offered by Senator Ford of Scott county, providing that when the death of an employee is caused by the deliberate intent of the employer, the decedent shall receive in a lump sum the amount of the indemnity to prosecute the employer and shall in addition be allowed to recover the amount of the weekly indemnity.

BICHLORIDE TABLET PROVES FATAL TO MRS. WILLIE SHORT.

Lexington, Ky., February 25.—Unable to rally from the effects of bichloride of mercury poison, which she had taken accidentally early Wednesday morning, February 18, Mrs. Willie Sayre Short died at 12:01 o'clock this morning at the Good Samaritan Hospital, where she was taken immediately after taking the poison.

Physicians worked for eight days in an effort to overcome the ravages of the poison, but she gradually sank until her death last night. For the past three days, Mrs. Short had been unconscious. Members of her family were at the bedside.

Hope for Mrs. Short's recovery was almost abandoned by the physicians when they first learned her condition but they made every possible effort to save her life.

It is to be noticed that former Secretary Garrison is as silent as former Secretary Bryan once was loquacious—but not just now.—Commercial-Tribune.

Utilizing two reflecting prisms, a French scientist has invented a microscope which gives a stereoscopic view of an object that is being examined.

ELECTRIC RAILWAY

Auto Truck Line Between Mt. Olivet and Cincinnati Revived Talk of a Traction Line.

(Mt. Olivet Tribune-Democrat.)

The establishment of the auto truck line between Mt. Olivet and Cincinnati has awakened no little interest among the people living along and contiguous to the route, and there is now considerable talk of the eventual organization and establishment of an electric railway between the Queen City and Robertson's county-seat. The road could be built at much less cost than the majority of the railways of this class cost, while the traffic would be great enough to make the investment pay big dividends every year. In addition to passenger coaches and freight cars, stock cars would be added to the equipment. No adequate idea can be formed of the amount of farm products, stock of all kinds, etc., that is shipped from this county annually. Additional to this, merchandise in large quantities is constantly brought here by road wagons and autos. Let us hope the talk of an electric railway will materialize into reality. We need the line and need it badly.

TO MAYSVILLE HOUSE.

Harry Wikoff, the efficient and popular auctioneer at the Farmers tobacco warehouse here, has been engaged for next season to cry the daily sales at the Home warehouse in Maysville at a big salary. He is one of the best loose leaf auctioneers in the burley district, and while the people here regret to see him leave the local market, yet they will be glad to learn of his securing a more lucrative position.—West Union (O.) Defender.

COL. L. P. TARTLTON DIES SUDDENLY.

Col. Lewellyn P. Tartlton, aged 70, the first Republican sheriff of Fayette county, former State Railroad Commissioner, for years a prominent Republican leader and one of the best known men in Central Kentucky, died suddenly at his home near Frankfort Thursday night.

LODGE WITH PRESIDENT

Washington, February 25.—Senator Lodge, ranking Republican member of the Foreign Relations Committee, declared in a statement today that he was in full accord with President Wilson's views on the submarine issues as expressed in his letter to Senator Stone, and that he would stand by the President.

Conley Glascock of Tolleboro, was tried in the Circuit Court Tuesday for larceny and sent to the asylum at Lexington.

WOMEN TO URGE VOTE PLANKS AT CONVENTION.

New York, February 25.—Suffragists of New York at the first of a series of state conferences under the auspices of the American Woman Suffrage Association, considered here today steps which could be taken to induce the Democrats and Republicans to insert in their national platforms planks pledging support of a proposed federal constitutional amendment granting the vote to women. The aim of the conference, the second of which will be held in Boston tomorrow, is concerted nation wide appeal to Congress to adopt the amendment. Speaking of the fight to be made before the conventions, Mrs. Carrie Chapman Catt, national president, said she was almost ready to hope for a combination between the Republicans and Progressives because the latter party is pledged to suffrage. The nature of the appeal to be made to the Democrats at St. Louis, she said, was still a secret, but she confided that one feature will be a "waikless parade."

STANDARD OIL MAGNATE SAYS WORLD WIDE GASOLINE FAMINE POSSIBLE

Minneapolis, Minn., February 25.—Robert Stewart, director of the Standard Oil Company of Indiana, appearing at a hearing before the city council, which has declined to issue permits to the company for five more filling stations until the rise in the price of gasoline has been adequately explained, declared today that the price would continue to rise and said there is a possibility of a world-wide gasoline famine.

"Increases in the price of crude oil, in the demand for gasoline and the prices of articles used in refining processes have sent prices skyward," he said.

The colored people will be admitted to the Jubilee Singers at the K. of P. entertainment tonight. Seats will be reserved for 35 cents.

SOME TOBACCO.

(Doyer News.)

Mr. J. L. Thomas, one of our prosperous farmers of the Lee's Creek neighborhood, sold Tuesday as a crop lot a number of baskets of tobacco at the Liberty house, Maysville, at an average of \$68.50 per hundred. The best basket sold for \$75 per hundred. When it comes to raising good tobacco, Mr. Thomas knows how, as he receives a good price for his tobacco each year.

BANNER CROP.

(Hardinsburg Record-Herald.)
R. O. Frank of Hardinsburg, on 4 1/2 acres of ground during the last season, raised 5,925 pounds of tobacco, which averaged \$6.15 per hundred for the crop.

BRYAN IN FAVOR OF WARNING AMERICANS OFF ARMED VESSELS.

Washington, February 25.—Telegrams to Congressmen from William Jennings Bryan supporting the movement of warning Americans off armed ships, began arriving today. Representative Bailey of Pennsylvania, received one and planned to read it from the floor.

E. L. Fitch, aged 56, died at the home of his sister, Mrs. W. R. Henderson, at Vanceburg, of tuberculosis. He was at one time county attorney of Lewis county, and was appointed district attorney for West Virginia by President McKinley.

In the mission at Louisville, which he founded thirty years ago Rev. Steve Holcombe, 80 years old, reformed gambler and man of the world, who became a minister of the gospel and settlement worker, died Thursday night.

The Woman's Club will hold a board meeting Monday afternoon at 2 o'clock. Important business will be transacted.

OUR COLORED CITIZENS

The Woman's Home Missionary Society of Scott Chapel M. E. church held its annual day of prayer services at the church last Thursday. It was largely attended and said to be one of the most profitable services ever held by this splendid auxiliary. The meeting was in charge of Mrs. Cora Bailey, the president. After a season of prayer and song, accompanied by very many evidences of a great spiritual uplift, a delightful repast was served in the parlors of the church. The meeting was continued during the afternoon, when the new officers were elected, after which there were house visits, distributing gifts among the sick and poor members. It was a great day. After a splendid service at night, the officers for the ensuing year were installed. The attendance at all the services was large and much enthusiasm was shown.

NOTICE!

We have an up-to-date coffee roasting plant that will roast and grind 75 pounds of coffee every 30 minutes.

Get on our coffee roasting and get your coffee fresh from the roaster.

We roast daily.
